1) What is the purpose of Peer-to-Peer Interaction?

2) What strategies do you use to facilitate such interaction?

3) What difficulties have you encountered in the past?
CTE Collaboration Workshop: Small Group Work

Create one paragraph that describes the purpose of peer-to-peer interaction:

Provide a bullet point list of strategies for successful peer-to-peer interaction:

Provide a bullet point list of difficulties you’ve encountered in the past:
CTE Collaboration Workshop: Peer Review

Note: Your task is not to edit the group's grammar or mechanics. Instead, your job is to respond to the content of their writing.

Does their definition match your own experiences and perceptions? Why or why not?

Is there anything you would add to their list of strategies and challenges? Anything you’d like to challenge?

How has your own understanding of the purpose of peer review been impacted from reading their definition?
